

8th Senologic symposium (Oostduinkerke, 26-27 May 2018)

Place: Vakantiedomein aan zee Ter Helme, Kinderlaan 49-51, B-8670 Oostduinkerke (www.terhelme.be)

Saturday 26 May 2018

- 08.15 h Registration
 Welcome coffee
- 08.45 h Welcome | Chantal Van Ongeval

15 years after introduction of breast cancer screening and breast clinics in Belgium

Moderator: André Van Steen (UZ Leuven)

Screening: towards accreditation of radiographers in a decentralized screening organization*

- 09.00 – 09.20 h Screening results Flanders 2017 | Erik Van Limbergen (UZ Leuven)
09.20 – 09.40 h Survey of the quality of positioning | Math Goossens (UZ Brussel)
09.40 – 10.00 h Impact of the positioning on the interval cancer | Solveig Hofvind (NOR)
10.00 – 10.20 h Accreditation of screening technician in the Netherlands | Cary van Landsveld (NLD)
10.20 – 10.30 h Towards an accreditation program in Flanders: optimized use of X-ray dose |
 Chantal Van Ongeval (UZ Leuven)
- 10.30 – 11.00 h Coffee break

Beyond actual screening techniques (in cooperation with BSR)*

- 11.00 – 11.20 h Automatic breast density measurements | Hilde Bosmans (UZ Leuven)
11.20 – 11.40 h Can ABUS give an answer to the evaluation of the breast? | André Grivegnée
 (Institut Jules Bordet)
11.40 – 12.00 h False positives in 2D mammography | Pieter De Visschere (UZ Gent)
12.00 – 12.20 h New techniques: expectations, quality assurance and patient dosimetry | Hilde
 Bosmans (UZ Leuven)
12.20 – 12.40 h Synthetic mammography: quality and patient dose | Machteld Keupers (UZ Leuven)
- 12.45 – 14.00 h Lunch

* Lectures international speakers: in English. Lectures Belgian speakers: in Dutch or French.

Moderator: Patrick Neven (UZ Leuven)

15 years after introduction of breast cancer clinics in Belgium (in cooperation with BSS)*

- | | |
|-----------------|---|
| 14.00 – 14.30 h | Quality indicators of breast cancer in Belgium Didier Verhoeven (Klina) |
| 14.30 – 15.00 h | Quality indicators for breast clinics in Belgium: past, present and future Liesbeth Van Eycken (Kankerregister) |
| 15.00 – 15.30 h | Effect of the EUSOMA certification on quality of breast cancer care in Belgium Peter van Dam (UZA) |
| 15.30 – 16.00 h | European Commission Initiative of Breast Cancer (ECIBC): commentary to new guidelines and new accreditation program Chantal Van Ongeval (UZ Leuven) |

* Lectures international speakers: in English. Lectures Belgian speakers: in Dutch or French.

Sunday 27 May 2018

08.15 h Registration
 Welcome coffee

Issues in senology: when do radiologist and pathologist have to sit together?*

Moderator: Kathleen Lambein (AZ Sint-Lucas Gent/KU Leuven)

09.15 – 11.00 h

1. Pathology of DCIS

09.15 – 09.55 h Histopathology and new insights | Mieke Van Bockstal (Erasmus MC Rotterdam/NLD)
09.55 – 10.15 h LORD trial: pathology – surgery discussion | Ann Smeets (UZ Leuven) and Mieke
 Van Bockstal (Erasmus MC Rotterdam/NLD)

2. Radiological pathological correlation in the neo-adjuvant chemotherapy setting

10.15 – 10.35 h Imaging characteristics | Mireille Van Goethem (UZA)
10.35 – 10.55 h The pathology of neo-adjuvant specimens | Cecile Colpaert (GZA/UZA)

Discussion

Moderator: Renate Prevos (UZ Leuven)

11.00 – 12.00 h Presentation clinical cases residents

! INVITATION !

If you would like to present your work in a short presentation (7 minutes), please send us your name, subject and authors (mail: ingrid.fruyt@uzleuven.be)

PS Residents who give a presentation do not pay the registration fee.

END

Accreditation RIZIV (ethics&economy and regional seminars) + FANC (radioprotection) and 'intercollegiale toetsing' have been requested for this symposium.

* Lectures international speakers: in English. Lectures Belgian speakers: in Dutch or French.
