

3rd Research Day on

Tumor Immunology and Immunotherapy

May 7th, 2019

KU Leuven, Gasthuisberg Campus, O&N 2, BMW6

- 09h30 – 10h00** **Registration and coffee**
- 10h00 – 10h10** **Welcome and introduction**
Dr. An Coosemans, UZ Leuven-KU Leuven
- 10h10 – 10h50** **Single-cell profiling of the pan-cancer tumor microenvironment and its dynamics during checkpoint immunotherapy**
Prof. Diether Lambrechts, KU Leuven - VIB
- 10h50 – 11h50** **Selected abstracts on biomarkers**
- 11h50 – 13h00** **Lunch**
- 13h00 – 13h40** **Tumor Immunotherapy: CAR T-cells**
Prof. Peter Vandenberghe, UZ Leuven
- 13h40 – 14h40** **Selected abstracts on immunotherapy**
- 14h40 – 15h00** **Coffee break**
- 15h00 – 15h40** **Targeting GARP on human Tregs: a novel approach for cancer immunotherapy ?**
Prof. Sophie Lucas, de Duve Institute, UCL
- 15h40 – 16h40** **Selected abstracts on immunobiology**
- 16h40 – 16h50** **Closing remarks**
Dr. An Coosemans, UZ Leuven-KU Leuven

CME accreditation requested

Registration is free but mandatory at: <https://www.uzleuven-kuleuven.be/lki/en/node/2542>

Abstract submission deadline 1st of April 2019 (email to: an.coosemans@kuleuven.be)
